

Freight Management

We'll Move Your Freight Like It's Our Own

When Your Business Is On The Move, Execution Is Everything.

We know how it is. Shipments coming in. Rush deliveries going out. Multiple phone calls and paperwork just to get your freight moving. Whether you ship inbound or outbound by common carrier often, or just occasionally, finding service providers to move your freight may be slowing down your business. And costing you valuable time.

Ryder Freight Management can help. We're tapped into a vast network of 8,000 For-Hire carriers as well as hundreds of dedicated fleets that Ryder operates throughout North America — so we're uniquely able to match your freight to the right vehicle, going right where you want it to and arriving right when you need it there!

Ryder Accommodates All Your Shipping Needs

Our expanded services now include the following transportation offerings:

- Dry Van
- Flatbed
- Temperature Control
- Specialized Equipment
- Heavy Haul
- Less-than-truckload
- Ground Expedite
- Domestic Air
- Cross Border
- Transportation Consulting
- Bid Management

Unique Advantages

With just one phone call, you'll get professional, reliable service at very competitive rates, plus these unique advantages:

- Access to 8,000 For-Hire carriers
- Access to a nationwide network of quality Ryder dedicated vehicles
- Personal Ryder Freight Manager to handle all the details
- Centralized dispatch operations
- Flexible scheduling and in-transit tracking
- Reduced exposure to freight loss or damage
- Dependable on-time pickup and delivery
- Express rate quotes

Improve Your Shipping Service

With the support of one of the world's largest transportation and logistics companies, Ryder Freight Management can help reduce your shipping risk, cut transportation costs and keep your customers happier. By leveraging our expertise and resources, you get the best combination of price and service to move your freight fast. All of which help your business stay right on track!

Here's How It Works

Shipping with Ryder Freight Management is easy as 1-2-3.

- 1 Simply call and tell your Customer Service Representative the freight type, weight, origin, destination and any special handling requirements.
- 2 You'll get a timely proposal and rate quote over the phone or email.
- 3 We'll arrange for pickup, schedule delivery and bill you upon completion.

About Ryder

Ryder Freight Management is a subsidiary of Ryder Supply Chain Solutions, an end-to-end supply chain partner with nearly 80 years of experience helping customers in North America, the UK, and Asia transform their supply chains by delivering the best in operational execution. Ryder provides a full range of services, from optimizing day-to-day logistics operations to synchronizing the supply of parts and finished goods with customer demand. At Ryder, we understand that when it comes to logistics, **Execution is Everything.**
