

# Peace of mind.

It's all part of the package with the **Ryder Protection Advantage**

As a Ryder rental customer, you enjoy a world of benefits. These include access to a fleet of nearly 30,000 clean, late-model vehicles, expert maintenance and convenient locations nationwide. You can also benefit from knowing your Ryder rental vehicle is covered in the event of an accident. Complete transportation coverage and peace of mind – it's all part of the package with Ryder Protection Advantage.

## A single source for complete transportation coverage

At Ryder, our focus is the same as yours – minimizing risk, controlling costs and keeping your business moving forward. That's why we offer qualified customers the Ryder Protection Advantage – a single-source solution for the transportation coverage you need for your Ryder rental vehicles. All with the peace of mind that comes from knowing if the unexpected should happen, we've got you covered.

### Ryder Protection Advantage

- Is affordable and easy to track
- Keeps any rental accidents separate from your standard insurance policy so your carrier won't raise your rates or cancel your policy
- Is easy to activate or de-activate because it's linked to your truck rental invoice – once the rental terminates, the coverage does too

## Two flexible protection solutions

While you can provide your own insurance for your truck rental, many standard insurance policies do not provide the type or level of coverage required to protect commercial truck rentals. This can leave you with high out-of-pocket expenses.

Ryder Protection Advantage offers two flexible options: Ryder Liability Protection and Ryder Physical Damage Protection – to ensure that rental truck(s) are covered. In the event of an accident, just one call to Ryder swings our customer service department into action 24 hours a day, seven days a week, 365 days a year.

### 1. Ryder Liability Protection

- Flexible combined single-limit auto liability (third-party bodily injury and property damage) coverage up to \$1 million or more
- Flexible deductibles
- 24-hour customer service hotline
- Access to Ryder replacement vehicles
- Handling of regulatory compliance
- 24-hour vehicle spill response program, including cleanup of covered vehicle fuel spills
- Handling of claims paperwork

### 2. Ryder Physical Damage Protection

- Flexible deductibles
- Handling of claims paperwork
- Rapid authorization to get the repair process started immediately
- Gap coverage included

# Peace of mind

## The Ryder Protection Advantage

- Clean, high-quality trucks
- 30,000 late-model vehicles
- 500+ convenient locations
- Best-in-class maintenance
- Flexible coverage options
- Emergency roadside assistance

### Gap coverage: bridging the gap between book and market value

Most physical damage policies only cover the market value of a vehicle in the event of a total loss. That's where Ryder gap protection comes in. It covers the gap between the book value and market value of your rented vehicle – which saves you money in the long run. In addition, Ryder handles the claim in-house, so you can count on rapid resolution without the headaches. With Ryder's Physical Damage Protection, you pay an affordable flat fee for protection that covers your vehicle when your standard policy doesn't, for minimal risk and maximum peace of mind.<sup>1</sup>

### Ryder Protection Advantage

With Ryder Protection Advantage, your rental vehicle has complete transportation coverage, providing you with peace of mind.

As a single source for complete transportation coverage, Ryder manages the risk so you don't have to.

**Get Ryder Protection Advantage.  
Ask your sales representative  
for details.**

1. Gap coverage is automatically included with Physical Damage Protection.

*Ryder Liability Protection and Physical Damage Protection are subject to qualification requirements and are governed by Ryder Truck Rental Agreement ("Rental"). For complete details and exclusions, please refer to the rental agreement. Ryder Physical Damage is NOT insurance and Ryder Liability Insurance is an extension of Ryder's coverage, which is subject to the terms of the rental agreement.*
