

RYDER & GLOBAL-E WORLDWIDE REACH. LOCAL TOUCH.

Ryder and Global-e's partnership unlocks the easiest solution for businesses looking to expand internationally. Our seamless integration allows mutual customers to do business in over 200 destinations worldwide.

Our comprehensive approach handles all the logistical aspects of cross-border selling, so you don't have to worry about shipping options, customs handling, local returns, site translations, localized browsing and checkouts, or pricing in local currencies.

Ready to fulfill anywhere in the world? Just let us know where you'd like to sell – we'll combine our advanced technology and fulfillment execution excellence to deliver.

BENEFITS

No need to stress about the barriers to selling abroad. With our convenient integration, Global-e and Ryder will:

-  Take care of currency conversion with over 100 supported currencies.
-  Handle import duty, tax compliance, international fraud, and global logistics.
-  Translate your website with over 30 supported languages.
-  Display Global-e's shipping rates right in your customers' shopping carts.
-  Support international returns from an intuitive interface.
-  Enable diverse delivery and prepay options at checkout.
